

Edina Isztojka

Front-end developer

As a recent graduate in Front-End Development, I am enthusiastic about developing user-friendly digital experiences. I'm always happy to learn new skills and stay updated with the latest trends in the field. I am excited to bring a positive and collaborative approach to any project and am ready to contribute to dynamic development teams.

Projects

Here are some of the projects I am proud of. For more details, visit my personal portfolio site.

Holidaze

- this is an Arbnb copy site. This project was designed, developed, and implemented as my final project exam at Noroff School of Technology and Digital Media.

Noroff marked

- an auction site. This project was designed, developed, and implemented as part of a React course at Noroff School of Technology and Digital Media.

Smile share

- a social media app for Noroff students. This project was designed, developed, and implemented as part of a JavaScript course at Noroff School of Technology and Digital Media.
