Edina Isztojka
Front-end developer

As a recent graduate in Front-End Development, I am enthusiastic about developing user-friendly digital experiences. I am always happy to learn new skills and stay updated with the latest trends in the field. Excited to bring a positive and collaborative approach to any project and ready to contribute to dynamic development teams.

Skills

HTML 5   CSS 3   Bootstrap   Tailwind CSS   JavaScript   Typescript
React   Cypress   Prototyping   Jest   Sass   Figma   Adobe XD
Github Actions   Git   Responsive web design   Scrum   Design   Rest API

Project Experience

2024 - present
Three.js | Tailwind CSS | Vite | Framer-motion
Landing page - Portfolio site
- Explore my interactive portfolio, built with cutting-edge tools like Three.js for 3D experiences, Framer Motion for captivating animations, and Tailwind CSS for lightning-fast styling.

2023
React | TypeScript | Styled Components | Vite
Peer to peer rental marketplace - Holidaze
- Developed a responsive and interactive user interface for a peer-to-peer rental marketplace similar to Airbnb, leveraging React, TypeScript, and Styled Components to ensure a seamless user experience and maintainability.

2022
HTML | Bootstrap | SASS | JavaScript | Vite
E-commerce platform - Stop Shop / Noroff Marked
- Built an e-commerce website with React, TypeScript, CSS Modules, and Bootstrap, enabling users to search, bid, buy, and sell items seamlessly, delivering a dynamic and responsive shopping experience.
